

High Probability Region

E

A contour plot showing a probability distribution. The plot features several nested, irregularly shaped contour lines, with the innermost contours being a darker shade of blue and the outer ones being a lighter shade. The contours are centered around a point labeled E , which is located in the upper-middle part of the plot. A black line with an arrow points from the text 'High Probability Region' to the point E . The entire plot is set against a light blue background.
